Sir,

In forwarding herewith a Statement showing the Budget Estimates for 1878-79 and the actuals of Palace expenditure up to the end of January 1879 together with an estimate of the probable expenses of the months of February and March —, I have the honor to request that you will obtain sanction for the — addition of One lac of Rupees to the Palace Budget for 1878-79 to meet chiefly the excess over the Budget Estimates under the marginally noted heads.

Total excess 60,000 40,000

The excess under the head of "Supplies" was owing chiefly to the high prices of the principal articles of food during the first six or seven months of the

under the circumstances above detailed it
will be seen that one lac of Rupees
is the minimum additional amount
required for actual expenditure during the

Bangalore.

Sir,

I do forwarding herewith a Statement showing the Budget Estimates for 1878-79 and the actuals of Palace Expenditure up to the end of January 1879 together with an estimate of the probable expenses of the months of February and March —; I have the honor to request that you will obtain Sanction for the addition of One lac of Rupees to the Palace Budget for 1878-79 to meet chiefly the excess over the Budget Estimates under the marginally noted heads.

Ordinary Palace Supplies 60,000
Extraordinary do
Miscellaneous items 40,000

The excess under the head of "Supplies" was owing chiefly to the high prices of the principal articles of food during the first six or seven months of the

year, and the high rates which had in consequence to be allowed to Contractors for supplies to the Palace, the contracts having been entered into in January 1878. Another cause of the increase is due to the fact that there are two anniversaries of the death of His Highness the late Mahárája falling within the current Official year.

With regard to "Miscellaneous items" it may be stated that the usual Estimate in previous years was Rupees 10,000. But in the current year's Budget a Sum of Rupees 1,59,000 was provided under this head on account of His Highness the Mahárája's Marriage. The Marriage expenditure as adjusted up to date, excluding the cost debitable to His Highness' Personal Estate Account, amounted to Rupees 1,26,650-5-8, leaving a considerable surplus under this head, which however is found insufficient to meet the extraordinary charges incurred during the current year, some of which are noted in the Margin.

I am extremely reluctant to apply for sanction to a

1. Nilghery trip — 8412-4-8
2. Dress to servants of the different depts of the Palace together with the expenditure incurred for the Construction of Bangaroes Cutchery — 9,604-13-1
3. Vurshaborkam of the 1st Maha Rani — 3786-7-3
4. Puschimachini trip — 2117-13-4
5. Additional 1000 Rupees for the cups presented at the Bangalore Races 23rd & 25th July & 17th August '78 — 1000-0-0
6. Improvements in fort — 15,000-0-0
7. His Highness Subscn to the Mysore Female Hospital — 5000-0-0
8. Probable extra expenditure on the occasion of His Highness' birthday — 2500-0-0
9. Puniyiri Purnima vaut — 10,000-0-0

Supplemental Budget in the present embarrassed

under the circumstances above detailed it
will be seen that one lac of Rupees
